

Print do phpmyadmin

The screenshot shows the phpMyAdmin web interface in a browser. The address bar indicates the URL is `localhost/phpmyadmin/index.php?route=/server/databases`. The interface is for a MySQL server version 127.0.0.1.

Left Sidebar: Contains a tree view of databases. The 'New' button is at the top. Below it, the following databases are listed: `information_schema`, `loginsystem`, `mysql`, `performance_schema`, `phpmyadmin`, `sqllteste`, and `test`.

Top Navigation Bar: Includes tabs for `Databases`, `SQL`, `Status`, `User accounts`, `Export`, `Import`, `Settings`, `Replication`, `Variables`, `Charsets`, and a `More` dropdown menu.

Main Content Area:

- Databases:** The title of the main content area.
- Create database:** A section with a 'Database name' input field containing `utf8mb4_general_ci` and a 'Create' button.
- Database List:** A table with columns 'Database', 'Collation', and 'Action'. It lists the following databases:

Database	Collation	Action
<input type="checkbox"/> information_schema	utf8_general_ci	Check privileges
<input type="checkbox"/> loginsystem	utf8mb4_general_ci	Check privileges
<input type="checkbox"/> mysql	utf8mb4_general_ci	Check privileges
<input type="checkbox"/> performance_schema	utf8_general_ci	Check privileges
<input type="checkbox"/> phpmyadmin	utf8_bin	Check privileges
<input type="checkbox"/> sqllteste	utf8mb4_general_ci	Check privileges
<input type="checkbox"/> test	latin1_swedish_ci	Check privileges
- Total:** 7
- Actions:** A 'Check all' checkbox and a 'Drop' button (disabled).
- Note:** A warning message: 'Note: Enabling the database statistics here might cause heavy traffic between the web server and the MySQL server.' Below it is a link to 'Enable statistics'.

Console: A tab at the bottom left of the interface.
